

We are very excited and honored to add Marie Sugiyama's name to our continuing education grant. Marie, as a lifelong educator and advocate, was very much in favor of people maintaining or enriching their lives by enrolling in short courses to further their education or enjoyment of pursuing knowledge. We encourage members to find something that interests them or even an athletic class to keep your minds and bodies in the best condition. We would like to subsidize your interest up to \$250.00 per course for tuition, books and materials.
